

THE MAXWELL & ELEANOR BLUM PATIENT AND FAMILY LEARNING CENTER

SHARED DECISION MAKING: PROSTATE CANCER SCREENING

Are you or someone you know thinking about screening for prostate cancer? Come join us for a presentation on this important topic. Dr. Michael Barry will also answer your questions about different tests available to check for prostate cancer.

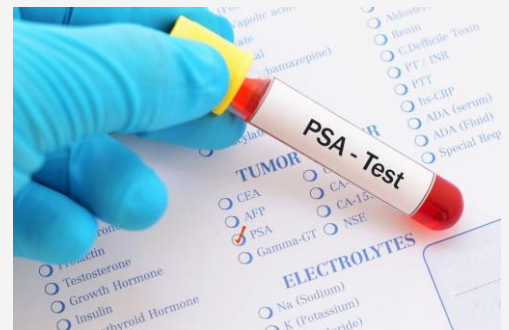

Shared Decision Making sessions are sponsored by the MGH Health Decision Sciences Center to help patients make informed treatment decisions.

Spaces are limited and available on a first come, first served basis. Open to MGH staff, patients, and the general public.

FEATURED SPEAKER:

Dr. Michael Barry is the Director of the Informed Medical Decisions Program. He also practices primary care at the Internal Medicine Associates here at MGH. Dr. Barry is a champion of shared decision making and has spent his career studying various aspects of shared decision making and putting into practice the knowledge that he's gained. He has dedicated his career to informing and amplifying the patient's voice in health care decisions.
